

MS Combo Flasher Hooter (220VAC)

Model No.: BT-MS101

Product Overview:

BisshTech MS Combo Flasher Hooter (220VAC) are audio and visual notification device used alert trained personal to investigate possible emergency situations and to take appropriate action during fire detection. BT-MS101 is made of MS sheet with powder coated finish and is applicable for indoor use only. BT-MS101 come with a factory fitted back box for surface mounting or semi-flush mounting. BT-MS101 is used as for multiple application such as in Panel tube suppression system, Emergency door alarm system, also used as Manual fire Alarm system.

Features:

- Confirm IS 2189.
- Wall Mount facility.
- Used as standalone unit with manual test switch.
- Compatible with Panel Suppression System.
- Best for noisy environment.
- Fire alarm in new attractive looks.
- High Glow SMD LED Flasher with low power consumption.
- Suitable for industrial environments such as factories, warehouses, power plants, refineries, and manufacturing units.

Technical Specifications:

- Power I/P : AC – 220V
- Cabinet : Powder Coated Steel
- Housing : CRCA Sheet
- Power Consumption : 6 Watt
- Weight : 1.300 KG (without Packaging)
- Current Consumption : 500mA
- Usage/ Application : For Fire Safety Applications.

Mechanical Specification:

- Dimensions : 5 (L) X 8.5 (H) X 2.75 (D) in inch's
: 130(L) X 220(H) X 72(D) in mm
- Colour : Red
- Construction : 22 Gauge (0.8mm) CRCA sheet with powder-coated finish
- IP Rating : IP50
